

ASHA PAULSON

DATA ANALYST

+91 7994555985 | ashapaulson11a@gmail.com | Thrissur, Kerala, India | linkedin.com/in/asha-paulson1

PROFESSIONAL SUMMARY

Data Analyst with a B.Tech in Computer Science and hands-on experience across Excel, SQL, Power BI, and Python, built through an internship and three end-to-end projects in dashboarding, predictive modeling, and fraud detection. Skilled at turning messy data into decision-ready insights via EDA, DAX-driven dashboards, and classification models (Logistic Regression, Random Forest, XGBoost). Seeking a Data Analyst role to apply strong analytical rigor from day one.

INTERNSHIP EXPERIENCE

Data Analyst Intern | Knovista Technologies, Kochi

May 2026 – Sep 2026 (5 months)

- Delivered a complete Power BI project end-to-end — from raw data cleaning through interactive dashboard design — used for ongoing sales and performance reporting.
- Built dashboards and reports in Excel and Power BI that surfaced trends and KPIs for stakeholder review, reducing manual reporting effort.
- Contributed to a Lead Conversion Prediction project, applying Python and machine learning to identify high-value leads (see Projects).

Python Development Intern | GSeven Technologies, Thrissur

June 2025 (1 month)

- Wrote and debugged Python programs as part of an academic internship, strengthening core programming and problem-solving skills.
- Identified and resolved coding errors across multiple scripts, improving code reliability and readability.

PROJECTS

Lead Conversion Prediction | Python, Pandas, Scikit-learn, XGBoost

- Built an end-to-end lead conversion prediction pipeline: data preprocessing, exploratory data analysis, and feature engineering ahead of model training.
- Trained and compared Logistic Regression, Random Forest, and XGBoost classifiers using accuracy, precision, recall, and F1-score; XGBoost achieved 97.95% accuracy, the best of the three, and was recommended for deployment.

Sales Performance Dashboard | Power BI, DAX, Power Query

- Designed an interactive Power BI dashboard tracking sales trends, profitability, and monthly performance for faster, data-driven decision-making.
- Implemented custom DAX measures, slicers, drill-throughs, and dynamic tooltips, enabling stakeholders to self-serve deeper analysis without additional reports.

UPI Fraud Detection in E-Commerce | Python, Machine Learning, Razorpay API — Final-Year Group Project

- Integrated Razorpay UPI payments into an e-commerce platform alongside a machine learning-based fraud detection layer, as part of a 4-member final-year team.
- Applied Logistic Regression, Random Forest, and Gradient Boosting on transaction and behavioral features to flag potentially fraudulent activity in real time.

EDUCATION

B.Tech, Computer Science and Engineering

2022 – 2026

Nirmala College of Engineering, Chalakudy (APJ Abdul Kalam Technological University) | CGPA: 7.28

CORE SKILLS

Data Analysis: Data Cleaning, Data Transformation, Exploratory Data Analysis (EDA), Data Validation, Data Interpretation, Quantitative Analysis

Advanced Excel & MS Office: Pivot Tables & Charts, VLOOKUP, XLOOKUP, INDEX-MATCH, Nested Formulas, Conditional Formatting, Power Query, Dashboards

SQL & Databases: SQL, MySQL, Joins, Filtering, Aggregations, Subqueries, Data Retrieval

Power BI & Visualization: Interactive Dashboards, Power Query, Data Modeling, DAX, Slicers, Drill-Through Reports, KPI Reporting

Python & Libraries: Python, Pandas, NumPy, Matplotlib, Seaborn

Machine Learning: Classification, Regression, Feature Engineering, Model Evaluation, Logistic Regression, Random Forest, XGBoost, Decision Trees

Reporting & Communication: Data-Driven Reporting, Insight Generation, Technical & Non-Technical Communication

CERTIFICATIONS

- Data Analyst Internship Certificate — Knovista Technologies, Kochi (5 Months): Excel, Power BI, SQL, Python, Machine Learning
- Python Development Internship Certificate — GSeven Technologies, Thrissur (1 Month): Python Programming, Coding & Debugging
- MERN Stack Development Certification — Avodha (8 Months, Online): MongoDB, Express.js, React.js, Node.js, JavaScript

LANGUAGES

English — Fluent | Malayalam — Native
